

ST REGIS RESIDENCE

Developer – City Development Limited

Project – bulthaup kitchens installed in 173 units

Date of Completion – 2008

The iconic St. Regis Residences offers two 23-storey towers housing beautifully appointed residences, including exclusive sky villas and sky suites. The development is mere steps away from renowned fashion and commercial district Orchard Road, and a stone's throw away from the city's hotspots of art, culture and nightlife. For a timeless residence with a timeless address, only the most enduring interior features will do, and that is why St. Regis Residences Singapore has fitted out all 173 units with premium bulthaup kitchens.

PARKVIEW ECLAT

Developer – Stream Ahead Pte Ltd

Project – bulthaup kitchens installed in 34 units

Date of Completion – 2010

After a string of successful high-profile developments in prestigious neighbourhoods including Beverly Hills, New York, Milan, London, Beijing and Shanghai, the Chyau Fwu Group, through its associate company Stream Ahead Pte Ltd, brought its winning formula to Singapore with the Parkview Eclat. Like its sister properties around the world, Parkview Eclat has become synonymous with luxurious living, and each of its 34 exclusive units come complete with bulthaup kitchens.

CAPE ROYALE

Developer – Pinnacle (Sentosa) Pte Ltd

Project – bulthaup kitchens installed in 302 units

Date of Completion – 2011

With an elegant design reminiscent of gentle waves and blue waters, the Cape Royale development, nestled within the prestigious Sentosa Cove, celebrates the marina lifestyle. This iconic condominium offers 302 luxuriously appointed units, each providing residents with views of the marina and city skyline against a tropical backdrop and the advantage of an affluent address a short distance from the city centre. All 302 units at Cape Royale are fitted with their own custom bulthaup kitchens.

Developer – City Development Limited

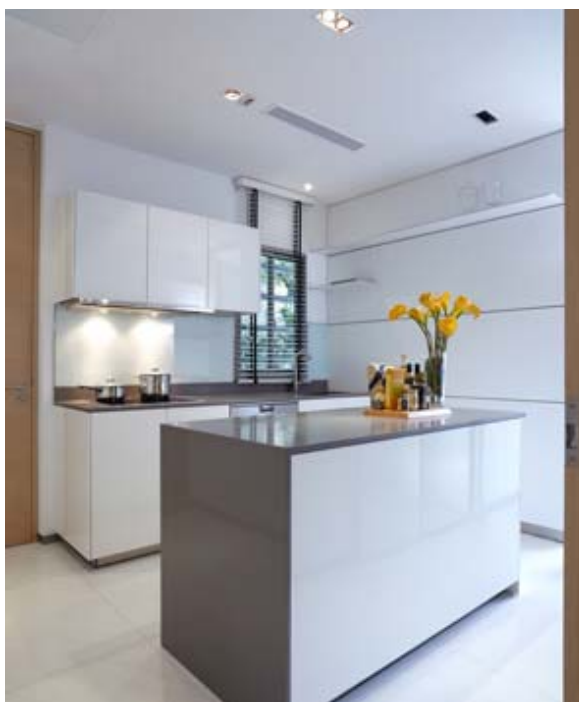

Architect – Carlos Ott

Project – bulthaup kitchens installed in 110 units

Date of Completion – 2011

Singapore saw a stunning new addition to its list of premium residential addresses with Cliveden on Grange Road by City Developments Limited. Besides each tower bearing an elegant design of spires by Carlos Ott, the property features eye-catching details throughout, from exquisitely manicured lawns providing luxurious green space in the busy city, panoramic views of the Singapore skyline, lavish interiors, and custom-built bulthaup kitchens.

BEAUFORT ON NASSIM

Developer – HKR Asia Pacific Pte Ltd

Project – bulthaup kitchens installed in 30 units

Date of Completion – 2008

Perhaps Singapore's most sought-after address, Beaufort on Nassim Road has drawn affluent residents from around the globe. The development comprises only 30 units, and a home at this prestigious location is an undisputed status symbol. When only the very best will do, developers HKR Asia Pacific knew that bulthaup kitchens are the perfect fit for all 30 of these highly exclusive units.
